Thai Airways International Public Company Limited/United Air Lines, Inc.
Docket OST-2001-8747

The code-share operations authorized here are subject to the following conditions:

- (a) The statement of authorization will remain in effect only as long as (i) Thai Airways and United Air Lines continue to hold the necessary underlying authority to operate the code-share services at issue, and (ii) the code-share agreement providing for the code-share operations remains in effect;
- (b) Thai Airways and United Air Lines must promptly notify the Department if the code-share agreement providing for the code-share operations is no longer effective or the carriers decide to cease operating any or all of the approved code-share services. We expect this notification to be received within 10 days of such non-effectiveness or of such decision. Such notices should be filed in Docket OST-2001-8747;
- (c) The code-sharing operations conducted under this authority must comply with 14 CFR 257 and with any amendments to the Department's regulations concerning code-share arrangements that may be adopted. Notwithstanding any provisions in the contract between the carriers, our approval here is expressly conditioned upon the requirements that the subject foreign air transportation be sold in the name of the carrier holding out such service in computer reservation systems and elsewhere; that the carrier selling such transportation (*i.e.*, the carrier shown on the ticket) accept responsibility for the entirety of the code-share journey for all obligations established in its contract of carriage with the passenger; and that the passenger liability of the operating carrier be unaffected; and
- (d) The authority granted here is specifically conditioned so that neither Thai Airways nor United Air Lines shall give any force or effect to any contractual provisions between themselves that are contrary to these conditions.

We may amend, modify, or revoke this authority at any time without hearing.
